WHY DO WE FOCUS ON CONNECTICUT POLICY?

A MESSAGE FROM JANÉE WOODS WEBER

@cwealf

facebook.com/cwealf

@cwealf

Dear Connecticut Women,

While CWEALF does not endorse specific candidates, we proudly live by the words of Congresswoman Ayanna Pressley: "policy is our love language."

We designed this guide for all the women who lead, advocate, organize, or wish to do so for policy change. The guide and our accompanying workbook share wisdom collected by our staff and colleagues with the hope that they give you the confidence and tools you need to own your power.

Connecticut woman, if no one has extended an invitation yet, consider this your formal invitation into your movement. Your participation is important and necessary.

When we voted in November, we took one step in the long process to advocate and organize for the changes we need to see in our communities. Making our voices heard at the legislature and State Capitol is one more step in that process. Each year when our elected officials go into legislative session, they pass policies that impact ourselves, our families, our workplaces and communities.

Your voice and your story are powerful tools to influence legislative change. Together, we can help create the world that all women and girls deserve.

Truly,
Janée Woods Weber
Executive Director, CWEALF

WHAT IS LEGISLATIVE CHANGE?

Legislative change is a process of advocating and organizing to influence policy decisions at the State Legislature.

WHERE DOES IT HAPPEN?

Formally? At the LOB or the Legislative Office Building. For advocates and organizers, it starts at home.

HOW DOES IT HAPPEN?

While there is no set schedule, it helps to break it down into 3 phases.

**LISTEN,
LISTEN
DO YOU
HEAR?
WE HAVE
A GAME
PLAN
DEAR!**

3 PHASES OF LEGISLATIVE CHANGE

1 PRE-CAMPAIGN PRE-SESSION

HOT TIPS:

It sometimes take years and many different strategies to win. The more coordinated the efforts amongst various groups, advocates and organizers, the more impactful the change.

Identify problems and talk to your community and organize them to find a potential solution. Connect with organizations, leaders and issue experts to ask for their support. Begin to form relationships with elected officials that can be your champions!

2 ACTIVE CAMPAIGN/ LEGISLATIVE SESSION

Time to execute your organizing and advocacy strategies throughout the legislative session! Meet with legislators and get buy in from your community.

**HEY GIRL,
HEY! WE
HAVE A
WORKSHOP
FOR THIS!**

3 POST SESSION

Didn't win? Regroup, strategize, and prepare for the next session!

Did you win? It's time to inform your community and hold your elected officials accountable!

Here is an overview of how a bill becomes a law in CT and tips to **advocate** and **organize** along the way.

ADVOCATE!

PRE:

- Meet with coalition partners to measure their support
- Educate legislators on your problems and the bills that solve them to find your champions

DURING:

- Meet with legislators in the House and Senate and ask for their support
- Keep track of legislators' support or opposition to know if you have enough votes for the bill to pass
- Monitor potential amendments
- Lobby the Governor and staff

HOW LEGISLATIVE POWER MOVES: AKA "THE SYSTEM"

PRE SESSION: Legislators make plans with their colleagues and advocates on what bills to raise

1 Bills are introduced in committees

2 Bills are drafted and available on the CGA site

3 Public hearing is scheduled and we get 5 days notice

4 Committee debates & votes on bill

5 Bill receives a fiscal note, or an estimated cost, and a summary

6 Bill is sent to House or Senate & waits for a vote

HOT TIP

If necessary, bill is referred to another Committee

8 Bill dies

7 Legislators in the House and Senate caucus, or discuss, the bill & take a vote count of who supports or opposes

8 First chamber debates and votes on the bill

9 While bill is debated, legislators file amendments

10 Second chamber debates and votes on the bill

11 Legislators caucus the bill again to determine if they have the votes to pass

12 After passing the House and the Senate, bill heads to the Governor's desk

13 Governor vetoes bill.

13 Bill is signed into law by the Governor

HOT TIP

If a bill dies it might start over next session!

BACK TO THE START!

POST SESSION: Legislators re-group with leaders

HOT TIP

If the bill does not pass before session ends, it starts over the next year.

BACK TO THE START!

ORGANIZE!

PRE:

- Notice the problems.
- Map out all the current efforts and learn how to join; help others

POST SESSION

Help your community understand the new law or program!

CWEALF SUPPORTS: SPEAKING UP FOR YOURSELF AKA SHARING YOUR STORY

@cwealf
facebook.com/cwealf
@cwealf

WHY IS IT IMPORTANT TO SHARE YOUR STORY?

DEEPER UNDERSTANDING:
Legislators are people with families and communities too. Sharing your story helps them understand an issue.

INVITE OTHERS TO JOIN:

There are many reasons your community can hesitate to share. When you share your story, you help others be brave.

HOW TO BUILD YOUR STORY SO OTHERS WILL LISTEN

If the bill is drafted:

- Make a list of what leading advocates, organizers and trusted leaders are saying about the bill you support.
- Share experiences that help support what those leading are proposing as a solution.

If there is no bill drafted:

- Write down a brief description of the problem in your own words.
- Make a list of how the problem impacts your life; think work, income, health, etc.
- Make a list of how the problem impacts your community.
- Answer: What do you wish was different when you were interacting with the problem? What went well?

HOT TIP

- You don't have to share painful memories in an attempt to make a difference.
- Instead, focus on impact and solutions!

“BE SOFTER WITH YOU. YOU ARE A BREATHING THING. A MEMORY TO SOMEONE. A HOME TO A LIFE.”

NAYYIRAH WAHEED

HEY GIRL, HEY! WE HAVE A WORKSHOP FOR THIS!

ADVOCATES

- Have a goal in mind of how advocates can support you to share your story publicly.

ORGANIZERS

- Figure out how your story connects to a bigger strategy and movement.

COMMUNITY

- Share your story and solution and hear theirs.
- Who do they know that is working on this issue?

FAMILY/ FRIENDS

- Tell trusted friends and family your story and your ideas for a solution.

YOURSELF

- You are the first person you have to convince.
- Write your story down.
- Collect all your research and map out leaders.

LEGISLATOR

- Connect your story to a specific current bill.

MEDIA

- Answer questions related to your bill and issue.

Use your phone's camera or app to scan!

CWEALF EXPLAINS: FORMALIZING RELATIONSHIPS

BUILDING A COMMUNITY GROUP:

1. Tap into friends and community members who are affected by the issue and make a plan to meet.
2. Discuss skills, resources, connections and set a schedule of times to meet.
3. Make an online account for the group to post information and invite others to join.

Use your phone's camera or app to scan!

HOT TIP

Working in a coalition is a way to maximize resources, knowledge and power with other communities, people and organizations that share your values.

HOW WE PARTNER TO MAKE LEGISLATIVE CHANGE: BUILDING AND WORKING IN COALITIONS

BUILD:

1. Bring together community members, organizations, etc. to address a problem
2. Establish your values as a group and develop a solution to the problem
3. Set clear roles and expectations

2. Be clear about what you can contribute
3. Activate your own network

Use your phone's camera or app to scan!

@cwealf

@cwealf

WHY PUBLIC HEARINGS ARE IMPORTANT TO YOUR LEGISLATIVE CHANGE STRATEGY

Public hearings are opportunities to weigh in on a specific issue in support or opposition. They are ways to show its strength in numbers in support of an issue and for experts to state why a bill is important or harmful to a community.

2 WAYS TO TESTIFY:

- Submit written testimony if you can't attend in person
- Provide verbal testimony in person or remotely

3 BASICS OF PUBLIC HEARINGS:

- They are scheduled 5 days in advance
- All information related to the hearing is available in the Bulletin on cga.ct.gov
- The first hour is reserved for state officials

HOT TIP

- Each member of the public is given 3 minutes to testify.
- When called to testify introduce yourself with your name, town, bill number and title, and your position

How to Testify Remotely via Zoom

- Use the link on the Bulletin to sign up. After signing up, you'll receive an email with the Zoom link
- A lottery process determines the speaking order which is found on the Committee's page
- You'll be placed in a waiting room until your name is called
- Using your computer? Make sure you have a microphone on your computer if you need to talk. If not, use the call-in feature on a cell phone or a landline

How to Testify In Person

- Read the Bulletin for where to sign up in person at the LOB to testify
- When you sign up, note where you are in the order of speakers
- Legislators will call out your name when its your turn
- Walk to the table in front and make sure the microphone is on to begin your testimony
- Committee members may ask you questions. Answer what you can follow up with what you can't.

Submitting Written Testimony:

- Information on where to submit is in the Bulletin
- Write your name, town, bill number and title.
- State your position on the bill and why.

HEY GIRL, HEY! WE HAVE A WORKSHOP FOR THIS!

ORGANIZE

- Distribute testimony guides
- Make sure your community has working computers, internet, and/or phone for virtual testimony
- Provide interpretation if necessary and notify the clerk of the Committee
- Have someone follow the order of speakers to alert members when their turn is coming up
- Organize care for the group like food, water and other support

ADVOCATE

- Collect testimony
- Create a one pager about the bill and your position
- Coordinate expert testimony from other advocates
- Talk to legislative allies before the hearing - how can they help?
- Take notes on questions asked and what the opposition says
- Send follow up information to members of the Committee if necessary

AN OVERVIEW OF CWEALF'S TOP POLICY PRIORITIES

CWEALF advocates for legislation at the State Capitol that advances women's economic security. Our top policy priorities include paid sick days and fair work week. We also work collaboratively in coalitions to support the leadership of our organizational partners.

Below are actions you can take to **advocate** and **organize** in your community on each issue. We've provided a script to help you advocate. Scan the QR code to join us this session and receive updates on public hearings and other ways to support.

WHAT'S THE PROBLEM?

PAID SICK DAYS

Our current paid sick days law only covers 11% of workers. Everyone experiences illness and we all need time to care and recover.

FAIR WORK WEEK

Fair work week gives workers advance notice of their schedules so they can plan other aspects of their lives.

HOT TIP

Bills will be filed on fair work week and paid sick days within the first few weeks of session. Once a bill is filed, it will receive a number that you can track on on the CGA website.

Script: We don't choose when we get sick! Stop making us choose between losing wages while healing or going to work and spreading germs when we are sick. We need Paid Sick Days now!

Script: Women want to work! But we also need to care for children and family members, coordinate rides, and much more. We, and all those that depend on us, deserve to know our work schedules.

HEY YOU! READ & SHARE OUR 2023 LEGISLATIVE AGENDA!

Use your phone's camera or app to scan!

Share why you need paid sick days with your community and encourage others to share their stories about why paid sick days are so important.

Ask your coworkers how their schedule affects their lives and if they'd like to work towards a solution. Set up a meeting and start to write testimony.

CT WOMEN IN POLICY: DENISE NAPPIER

Denise Nappier of Hartford was the first African American woman elected to statewide office and the first African American woman elected as State Treasurer in the nation. As Treasurer, Nappier advocated for better corporate governance and saved taxpayers billions of dollars. Prior to her election to statewide office Nappier served as Hartford City Treasurer from 1989-1998.

CWEALF POLICY PRIORITY PAID SICK DAYS

Use your phone's camera or app to scan!

@cwealf

facebook.com/cwealf

@cwealf

WHAT'S THE PROBLEM?

Life happens! But Connecticut workers are facing hard choices when taking care of basic life circumstances like recovering from a cold or the flu, caring for a sick loved one or attending doctor's appointments. Right now, just 11% of workers are covered under Connecticut's existing paid sick days law. This affects us all.

Hot Tip: Paid sick days are employer paid and provide time off for short term health or caregiving needs.

WHY PAID SICK DAYS?

When workers have to choose between their pay and caring for themselves or their family:

People are more likely to go to work sick. This spreads illnesses to coworkers and customers.

Workers can't be there for a loved one who is sick with an illness like the flu.

Women, who still shoulder the majority of care, are at highest risk of losing income.

THE SOLUTION

Connecticut was the first state to require certain employers to provide paid sick time in 2011. However, more than 10 years later, the law needs improvements!

We support legislation that strengthens our law by:

- Including all workers, no matter where they work
- Expanding the definition of who a worker can use paid sick days to care for to include all types of families
- Eliminating the waiting period to use paid sick days so that workers can take their time as they need it

HOST A TESTIMONY WORKSHOP & ORGANIZE FOR THE BILL'S PUBLIC HEARING

Organize a group at your church, school, or community to write testimony to submit to the Labor Committee when the bill has a public hearing in February or March 2023.

GET LOUD! ASK YOUR LEGISLATORS:

? Do you support all workers having access to paid sick days?

? What will you do this session to ensure that all workers in our state have access to paid sick days?

CWEALF
CWEALF POLICY PRIORITY
FAIR WORK WEEK

@cwealf
 facebook.com/cwealf
 @cwealf

Use your phone's camera or app to scan!

WHAT'S THE PROBLEM?

In Connecticut, hourly workers - many earning poverty wages - struggle to earn a stable and reliable income needed to support their families because of unpredictable work schedules. Workers are often forced to go to work with little notice, maintain open availability for "on-call" shifts without any guarantee of work and have their shifts canceled at the last minute.

WHY FAIR WORK WEEK?

When workers don't know their schedules, they can't:

Secure quality and affordable child care

Attend doctor's appointments for themselves or their family

Go to school to earn a degree or certificate

THE SOLUTION

We are members of the Fair Work Week Coalition, led by CT Working Families, fighting to pass legislation to support hourly workers in our state.

We support legislation that provides hourly workers:

- Predictable and stable work schedules
- Resting periods in between long shifts
- Predictability pay for canceled shifts
- Access to additional hours as they are available
